

Robinson *et al.*
Appl. No. 10/040,945

Remarks

Reconsideration of this Application is respectfully requested.

Upon entry of the foregoing amendment, claims 1-6 and 95-97 are pending in this application.

New claim 95 is directed to a specific embodiment that is recited in independent claim 1.

New claims 96 and 97 are directed to embodiments in which one of either the heavy chain (or heavy chain fragment) or the light chain is chimeric. Support for these new claims is found, *inter alia*, at specification page 10, second paragraph, and page 48, first full paragraph. Additional support for claim 96 is found, *inter alia*, at page 10, third paragraph, and page 48, second and third full paragraphs - continuing onto page 49.

No new matter is added by amendment. Entry of this amendment is believed to place the application in condition for allowance or in better condition for appeal. Therefore, entry of the amendment is believed proper and is respectfully requested. Applicants reserve the right to file one or more continuation applications directed to any canceled embodiments.

Conclusion

All of the stated grounds of objection and rejection have been properly traversed, accommodated, or rendered moot. Applicants therefore respectfully request that the examiner reconsider all presently outstanding objections and rejections and that they be

withdrawn. Applicants believe that the present application is in condition for allowance. If the examiner believes, for any reason, that personal communication will expedite prosecution of this application, the examiner is invited to telephone the undersigned at the number provided.

Prompt and favorable consideration of this amendment is respectfully requested.

Respectfully submitted,

STERNE, KESSLER, GOLDSTEIN & FOX P.L.L.C.
